OCT 28 1981

Dear Mr. Smith:

A copy of American Gilsonite Company's updated mine plan on Federal lease U-0126940 is enclosed. As I mentioned to you the original proposal came in August 1979 and a land survey was requested to locate the lease boundaries. As suspected, the updated maps confirm that the vein passes out of the lease through an inside corner leaving a small section of the vein on unleased land. The company plans to obtain additional lease coverage on the unleased area.

We plan to hold an onsite inspection originating in BLM's office in Vernal on November 3, 1981, at 9 a.m. You are invited to attend if you would like to.

We would like a copy of your action on this plan and any comments or suggestions you wish to make. If you have any questions, please let me know.

Sincerely yours,

*Allen L. Vance*
